

Xtrac™

Carpet Extractor

The Euroclean Xtrac™ 12 inch carpet extractor gives you big cleaning capacity for small areas. Using single spray jet technology, the Euroclean Xtrac™ delivers an even, consistent flow for deep, uniform extraction and helps eliminate clogging and streaks. Combined with a laminar-flow vacuum shoe that recovers more moisture from the carpet, the controlled water usage lets carpets dry quickly.

The solution tank holds 5 gallons and has a drain hose to completely drain its contents. The lift-off recovery tank has a large opening so that it can be easily dumped and cleaned out. The no-tools removable brush and removable solution filter assures that the Euroclean Xtrac™ is easy to use and maintain.

The small footprint and straightforward controls make the Euroclean Xtrac™ easy to operate and maneuver. The 12-inch cleaning path allows extraction in tight spaces. A see-through lid on the solution cover lets operators monitor solution recovery. With its hand grips and compact folding handle, the Euroclean Xtrac™ extractor is easy to lift and transport.

The Xtrac™
is perfect for...

- Retail Stores and Malls
- Commercial Office Space
- Schools and Universities
- Hotels and Motels
- Healthcare Facilities
- Restaurants
