

Hip Vac™

Portable Canister Vacuum

Lighter, Faster, Better

Confined and cluttered areas are easy to clean with the Hip Vac™. The powerful motor and lightweight design increase productivity by up to 74 percent compared to traditional vacuums. The revolutionary ergonomic design of the Hip Vac enables cleaning staff to carry out their tasks with greater comfort. Its light weight enhances operator mobility and makes it easy to clean confined areas, making it the ideal solution for daily office cleaning.

The Hip Vac rests comfortably on the hips of the operator. Thanks to its small compact design, operators of all sizes have complete freedom of movement for all types of cleaning tasks. The motor is positioned to correspond to the body's own center of gravity, enhancing balance and minimizing fatigue.

The Hip Vac™ is perfect for...

- Education
- Commercial Offices
- Healthcare
- Transportation
- Government
- Retail
- Contract Cleaning

Just 6.4 lb and easy to wear; virtually any worker can use Hip Vac so resources are optimized and cleaning time is reduced.

Compared to larger, heavier back vacs, strain on the shoulders, back, and neck is minimized.

With compact size, 50 foot cord, and self contained tools; workers can go everywhere and reach anywhere.
